GARDINER'S
Rheumatic and Neuralgia COMPOUND!

A certain safe and permanent cure for Rheumatism Neuralgia and Salt Rheum. It is an internal remedy driving out and entirely eradicating the disease, requiring no change in diet or business, and may be taken by children and persons of the most delicate constitutions with perfect safety.

TESTIMONIALS.

Gardiner's Rheumatic & Neuralgia Compound is the best medicine for the disease I ever saw. CHAS. A. SMITH, No 1 Old State House, Boston.

After suffering with Rheumatism twenty years, and being confined to my bed several weeks last [illegible] I was entirely cured by the use of one bottle of Gardiner's Rheumatic & Neuralgia Compound. ERASTUS AYRES, 5 Franklin-st., Boston.

[illegible] been a constant sufferer from Neuralgia for [illegible] months and been driven by excruciating [illegible] the trial of numberless remedies without relief. I was induced to try "Gardiner's Rheumatic and Neuralgia Compound." I have [illegible] one bottle and am entirely well. D. D. BANKER, Dry Goods Dealer, No 5 Appleton Block, Lowell, Mass.

[illegible] afflicted with Salt Rheum in its worst [illegible] and suffered more than can be [illegible] except by those similarly afflicted. I tried [illegible] your Compound and can honestly say [illegible] myself entirely cured. JOHN A. MORSE, [illegible] House, Boston, Mass.

Gardiner's Rheumatic & Neuralgia Compound has [illegible] cured me of sufferings of several years. W. E. HODGKINS, No [illegible] Old State House, Boston.

[illegible] years of age, has been for three years a [illegible] sufferer from Salt Rheum, his hands covered with [illegible] constant pain; one bottle of your Compound cured him. J. W. HAMMOND, 99 Milk st.

[illegible] Rheumatic & Neuralgia Compound has [illegible] cured me of Neuralgia. W. C. THORP, [illegible] Pearl st. House, Boston, Mass.

[illegible] of your Compound cured me of severe [illegible] Neuralgia. FANNIE S. THOMPSON, [illegible] House, Boston.

[illegible] friend Wm T Glidden, Esq., presented me with a bottle of "Gardiner's Rheumatic [illegible]" when I was suffering with a [illegible] of Neuralgia and Rheumatism and [illegible] decided benefit. ALBERT [illegible], Member of Congress from Maine.

[illegible] hereby certify that they have [illegible] Rheumatic and Neuralgia Compound [illegible] cure of Rheumatism and Neuralgia [illegible] case immediate and permanent. [illegible] We have full confidence in its healing qualities and would recommend it to all who are afflicted [illegible] harassing diseases, as one of the safest [illegible] ever offered to the public.

[illegible] So Market street, Boston. [illegible] So Market-st., Boston. W. H. ALLEN, Boston. [illegible] 45 & 47 Pearl st. Boston. [illegible] Boston. [illegible] WALES JR. City Hotel, Boston. [illegible] Washington street, Boston. HENRY D. GARDINER, Webster st. E. Boston. [illegible] H. PLUMMER, 1 Maverick sq. E. Boston. ABRAM WEEKS, Webster st. East Boston.

The [illegible] Rheumatic and Neuralgia Compound has [illegible] hundreds of persons for Scrofulous [illegible] great benefit.

The Law Regulating Newspapers and Periodicals

1. Subscribers who do not give express notice to the contrary are considered as wishing to continue their subscriptions.

2. If subscribers order the discontinuance of their periodicals, the publisher may continue to send them until all arrearages are paid, the subscribers are responsible till the numbers sent.

3. If subscribers neglect or refuse to take their periodicals from the office to which they are directed, they are held responsible till they have settled their bills and ordered their papers discontinued.

4. The courts have decided that a refusal to take newspapers or periodicals from the Post Office without paying the publisher, and the payment of all arrearages, is prima facie evidence of fraud.

5. Subscribers to newspapers or periodicals remove to a different place, they pay so long as the paper or periodical may be sent to the residence of the party, unless notice of such subscription unless notice is sent of it to the publication office.

A New Method for

Laying Carpets!

NEATER, CHEAPER, AND FAR MORE CONVENIENT THAN TACKS.

PATENT

CARPET HOOKS!

PATENTED March 22, 1859. They are bright as Silver and not Liable to Rust. Price Fifteen Cents per Gross. It is guaranteed of these Carpet Hooks—

That, with them, Carpets can be taken up and re laid in ten minutes, without hard work and no extra preparation of Carpets required.

That they will not injure the Carpet more than Tacks.

That they will hold the Carpet closely and firmly to the mop board.

That ladies can use them without difficulty.

That, once down, they can remain down without inconvenience.

A neat Steel Gauge and Awl, which will enable any one to insert the Hooks expeditiously and at regular distances from the wall, may be had with the Hooks, for two cents each.

Hooks, Fifteen Cents per Gross. A liberal discount to the trade. Terms cash. Put up in neat Boxes of Eight Dozen Gross, and in cases containing 10 boxes.

These Hooks received a Diploma at the last New York State Fair.

Those who try them say—"We would not use Tacks if they were furnished free." The following is from the Rochester Democrat and Advertiser:

"Spencer's Patent Carpet Hooks.—The neat little articles ought to go into general use. We have used them for two years past and find they are all they are represented to be. They are cheaper than tacks in the first instance and will last an indefinite period of time. In ten minutes an ordinary sized dining room carpet can be put down, after the hooks are placed, and in less time than it can be taken up. The hooks do not need to be removed with the carpet, but remain permanently fixed in their places."

A trial of these will satisfy all that they need but to be known to supersede all other methods for laying Carpets.

Greatest Improvement of the Age.

The Good Samaritan!

VENTILATED OVEN

COOKING STOVE!

We are sole AGENTS for BANGOR and vicinity for the celebrated Cooking Stove

GOOD SAMARITAN.

THIS STOVE was patented by Messrs Rathbone & Co., of Albany, July 19, 1859, and although but little more than a year has expired since it was first operated its many wonderful feats in cooking have already placed it far in advance of any other Stove which has as yet been offered to a discriminating public. We claim for the Good Samaritan, that its economy of fuel, its simplicity of arrangement and real practical utility of the conveniences which surround it, have placed it far in advance of any stove yet offered to the world. We will name a few of the advantages which it possesses over any other stove, as well as some of the conveniences which attend it.

1. It has greater weight of castings, the bare stove weighing from 400 to 450 pounds.

2. Greater capacity for baking. It has a very large Oven, and also conveniences for baking on the top of the stove. It has also a large front roaster for baking bread, pies, &c., or roasting meat, and this without danger of contaminating with the same taste, the finest delicacies being baked in the oven of the stove, an advantage which no other stove using the roaster possesses.

3. Its perfect control of heat. The Good Samaritan has a treble draught arrangement, which enables the operator to use as little or great a fire as he chooses. The advantage which this arrangement gives over any other economist of fuel is, that while a fire may be started in the cold stove in from one third to one half less time, the operator can after his fire is once started lessen the draught as much as he pleases, even to closing it entirely—thus giving him perfect control of the heat.

4. It has a soap stone fire back, which will never burn out, and consequently will not need replacing. Soap-stone is used very extensively as a lining to coal stoves, as it is well established that nothing else will stand the effect of intense heat for so great a length of time.

5. Its accommodations for broiling are perfect and unequalled. It has a splendid arrangement for broiling on the hearth, giving a perfect draught, through, under and around the gridiron into the flues of the stove, keeping the coals alive and carrying off all smoke and gases arising from the food.—It will also broil very nicely upon the top without the smoke entering the room. This is accomplished by closing the draught, and can only be effected by a perfectly air tight stove.

6. Its arrangement for the ventilation of the oven cannot be excelled. It is effected by holes in the front door of the stove, through which the fresh air passes striking against the front plate of the fire chamber (thus becoming heated before entering the oven), then through the ventilating damper into the oven of the stove, where it forces all gases arising from the food, which will naturally rise to the top over the front oven plate, behind the fire-back into the fire-chamber, where they are consumed (thus adding fuel for combustion) and also to the perfect draught of the stove.

7. The Good Samaritan has, in a single year, proved itself to be the most economical, as well as the most efficient stove in the world. The great advantage it possesses of being able to do a greater variety of cooking at once with greater rapidity of operation is not to be lightly passed over. None who have ever examined it closely can doubt for an instant but that, with ordinary usage, it must last from 15 to 25 years. They can base this belief on its great weight, and the small quantity of fuel necessary to operate it—for the less fuel consumed the longer a stove will wear.

8. That it possesses all the attributes and qualities of a first class stove in the highest of perfection is no longer an experiment, but an established fact. That it has no equal we are fully prepared to demonstrate to all impartial persons and solicit all whether wishing to purchase or not, to call and see the stove and be convinced of the truth of these statements.

We desire every house-keeper in Penobscot County to call and we think they will be fully repaid by examining the merits of this wonder of the age.

Description pamphlets and all information will be cheerfully furnished by us at our store,

Nos. 1, 2 and 3 Broad-Street, Bangor, Sole Agents in this City and vicinity.

WOOD & BISHOP.

Bangor Sept. 21 1860.—tf

A CARD.

THE AMERICAN WATCH COMPANY, of Waltham, Mass., begs to call the attention of the public to the following emphatic recommendation of Waltham Watches which has been politely given by the leading practical Watchmakers and Jewellers throughout the United States. The entire list of signatures to it, even in the Eastern States, is quite too long for publication in one advertisement, but the names presented will be recognized by those acquainted with the Trade in this vicinity as being in the highest degree respectable and influential. At their establishments may always be found the genuine watches of the Company's manufacture in great variety and at uniform prices.

Signatures from many cities and towns of New England not fully represented in this list, will appear in a future advertisement.

To the Public.

"THE UNDERSIGNED practical Watchmakers and dealers in Watches, having bought and sold American Watches for a number of years past, and having dealt in all kinds of foreign watches for a much longer period of time beg to state that they have never dealt in watches which, as a class, or in individual instances, have been more satisfactory to themselves and customers, whether in respect of durability, beauty of finish, mathematically correct proportions, accurate compensation and adjustment, or of fine time-keeping results, than those manufactured by the Waltham Company."

Proposals
For Materials for the Navy.

NAVY DEPARTMENT,
Bureau of Construction, Equipment &c.
June 11, 1861.

SEALED PROPOSALS to furnish materials for the navy for the fiscal year ending 30th June 1862 will be received at this Bureau until 3 o'clock P. M. of the 8th day of July next. These proposals to be endorsed "Proposals for Materials for the Navy, Bureau of Construction, &c." that they may be distinguished from other business letters.

The materials and articles embraced in the classes named are particularly described in printed schedules, any of which will be furnished to such as desire to offer, on application to the commandants of the respective yards or to the navy agent nearest thereto, and those of all the yards upon application at this Bureau. This Division into classes being for the convenience of dealers in each, such portions will be furnished as are actually required for bids. The commandant and navy agent for each station will have a copy of the schedules of the other yards for examination only, from which it may be judged whether it will be desirable to make application for them.

Offers must be made for the whole of the class at any yard upon one of the printed schedules, or in strict conformity therewith, or they will not be considered.

The contract will be awarded to the lowest bona fide bidder who gives proper security for its fulfilment. The United States reserves the right to reject all the bids for any class if deemed exorbitant.

All articles must be of the very best quality to be delivered in good order and in suitable vessels and packages, as the case may be, at the expense and risk of the contractor, and in all respects subject to the inspection, measurement, count, weight, &c. of the yard where received, and to the entire satisfaction of the commandant thereof.

Bidders are referred to the commandants of the respective yards for samples, instructions or particular description of the articles, and all things being equal, preference will be given to articles of American manufacture.

Every offer as required by the law of August 10, 1846, must be accompanied by a written guarantee, the form of which is herewith given.

Those only whose offers may be accepted will be notified, and the contract will be forwarded as soon thereafter as practicable, which they will be required to execute within ten days after its receipt at the post office or navy agency named by them.

Sureties in the full amount will be required to sign the contract and their responsibility certified to by a United States District judge, United States district attorney, collector or navy agent. As additional security, twenty per centum will be withheld from the amount of the bills until the contract shall have been completed, and eighty per centum of each bill approved in triplicate by the commandants of the respective yards will be paid by the navy agent at the points of delivery within thirty days after its presentation to him.

It is stipulated in the contract that if default be made by the parties of the first part in delivering all or any of the articles mentioned in any class bid for in the contract, of the quality and at the time and places above provided, then and in that case the contractor and his sureties will forfeit and pay to the United States a sum of money not to exceed twice the amount of such class which may be recovered from time to time according to the act of Congress in that case provided, approved March 3, 1843.

Classes Nos. 1, 2, 6, 8 to be delivered one fourth part on or before the 15th of May, one fourth part on or before the 15th of July, one fourth part on or before the 15th of September and the remaining fourth part on or before the 1st of December 1862. Class [illegible] and [illegible] the whole to be delivered by the 15th of May 1862. The remaining classes to be delivered one fourth part on or before 1st of December next, one fourth part on or before the 1st of April, and the remainder on or before the 30th of June 1862, unless earlier required, with an option of twelve days comprising at each delivery a due proportion of each article [illegible] and all following additional quantities of any of the articles named therein are demanded they are to be furnished on like terms and conditions previous to the expiration of the fiscal year upon receiving a notice of fifteen days from the bureau the commandant of the yard or navy agent.

Form of Offer

I, ——, of ——, in the State of ——, hereby agree to furnish and deliver in the respective navy yards all the articles named in the classes hereto annexed, agreeably to the provisions of the schedules therefor and in conformity with the advertisement of the Bureau of Construction, &c., of June 11, 1861. Should my offer be accepted I request it to be addressed at ——, and the contract sent to the Navy Agent at ——, or to —— for signature and certificate.

Signature A. B.

Date

Witness

The schedule which the bidder encloses must be pasted to his offer, and each of them signed by him. Opposite each article in the schedule the price must be set, the amount carried out, the aggregate footed up for each class and the amount likewise written in words.

Form of Guarantee

The undersigned ——, of ——, in the State of —— and ——, of ——, in the State of ——, hereby guaranty that in case the foregoing bid of —— for any of the classes therein named be accepted, he or they will, within ten days after the receipt of the contract at the post office named or navy agent designated, execute the contract for the same with good and sufficient sureties; and in case said —— shall fail to enter into contract as aforesaid we guaranty to make good the difference between the offer of the said —— and that which may be accepted.

Signatures of two guarantors. C. D. E. F.

Date

Witness

I hereby certify that the above named —— are known to me as men of property and able to make good their guarantee.

Date Signature G. H.

To be signed by the United States district judge, United States district attorney, collector or navy agent.

Androscoggin & Kennebec R. R.

Annual Meeting on Wednesday, June 26, 1861, at Waterville.

THE Stockholders are hereby notified that the Annual Meeting of the Androscoggin and Kennebec Railroad Company will be held at the Repair Shop of said Company on WEDNESDAY, June 26, 1861, at 11 o'clock A. M. to act on the following articles, viz:

1st.—To hear the reports of the Directors and Treasurer of said Company and act thereon.

2d.—To determine the number and make choice of a Board of Directors for the ensuing year.

SAM'L P. BENSON, Clerk.

June 5 1861 tm

Boomage Notice.

THE accounts for Rafting Logs at the Boom by the P. L. A. for the month of May have been made up and an assessment of fifty cents per thousand feet has been made on said logs. Also an additional assessment of seven cents per thousand feet on all logs rafted in April last. A discount of six per cent will be made to those who pay their boomage to the Treasurer at his office on or before the 20th inst., 5 per cent on the 21st, 5 per cent on the 22d, and so on making a quarter of a cent per day after the 20th for twenty four days—after that time charging interest.

B. O. FOSTER,

Treasurer Penobscot Lumbering Association.

Bangor June 10 1861

Notice.

THE Directors of the Mattawamkeag Log Driving Company have ordered an assessment on the Logs comprised in the First Drive the present season as follows viz:

On Logs taken from the Forks of the Mattawamkeag to the upper shore of Battle Brook twenty-three (23) cents per thousand feet.

From upper shore of Battle Brook to the lower shore of Baskahegan Stream twenty [illegible] cents per thousand feet.

From lower shore Baskahegan stream to Jimskitticook seventeen (17) cents per thousand feet.

From Jimskitticook to and including Molunkus stream sixteen (16) cents per thousand feet.

From Molunkus to mouth of Mattawamkeag River fifteen (15) cents per thousand feet.

The Treasurer of the Company has made up the assessments as above and hereby notifies all owners of Logs driven as above to make immediate payment to him at his office, No. [illegible] Exchange St.

BENJAMIN O. FOSTER

Treasurer Mattawamkeag Log Driving Co.

Bangor June 6th 1861

Maine Telegraph Company.

THE Annual Meeting of this Company will be held at their Office in Bangor, on Wednesday, the twenty sixth inst., at two o'clock P. M.

To choose a Board of Directors for the ensuing year.

To transact such other business as may properly come before the meeting.

By order of the Directors.

WILLIAM P. MERRILL, Secretary.

ROOT and HERB BITTERS!

CONTINUE to be the standard Medicine for the cure of all Bilious and Liver Complaints, Humors from a pimple to the worst putrid sore, Jaundice, Costiveness, Headache, Piles, Dyspepsia, Indigestion, Weakness, &c. They are both alterative and tonic, regulate the stomach and bowels, stimulate the Liver, restore the appetite, promote digestion, give strength, quicken the circulation and purify the blood better than any other medicine ever known. They are made of the best Roots and Herbs, among which are Sarsaparilla, Yellow Dock, Mandrake, Thoroughwort, Cherry, Poplar and Prickly Ash Barks, Rhubarb, Dandelion, and others recently added, all so skilfully combined as to act in accordance with the laws of Nature, forming the most effectual Spring and Summer Medicine that can be used. Everybody needs this medicine and all should use it at once. Pleasant and safe at all times. Only 25 and 38 cents per bottle.

This medicine is also put up in a more concentrated form called DR. LANGLEY'S SUGAR COATED ROOT AND HERB PILLS, a beautiful cathartic, without griping or pain, and will cure Costiveness and Piles. Sold by all Dealers in Medicines.

Orders addressed to J. O. LANGLEY, or GEO. C. GOODWIN, Boston. mch22 6md&wos

ROOFS [illegible]

NERVOUS PROSTRATION

[illegible] corpuscles.

A N equal and normal circulation of the blood is health. An abnormal, that is to say, an excessive or deficient circulation or stagnation of the blood is disease. To illustrate—torpidity of the Liver is caused by stagnation of the blood in that organ; diseases of the Kidneys, Inflammation of the Lungs, Diseases of the Heart, &c., by the same cause, viz: Improper Circulation, and from the same cause spring all minor forms of disease. To discover a certain cure, then, for these diseases, the first great enquiry necessarily is, What causes the blood to circulate?

For centuries it has been a matter of much study among scientific and medical men, and while many experiments have been made and much labor expended upon the enquiry it has been left to this century, among its other wonderful increase in knowledge, to make this grand discovery also.

Acknowledging that life is the gift of the Creator, and that "in Him we live and move and have our being," we still venture the remark that as the planets move in their spheres and all regulate life is governed by certain absolute laws, so animal life is traceable to a fixed cause, which remove or destroy, and death the certain effect follows.

Analysis of the red corpuscles of the blood show them to be compounds of iron, sulphur and phosphorus.

The air we breathe, we know to contain a very large proportion of oxygen.

Oxygen brought in contact with a metal evolves or emits electricity.

Electricity brought in contact with a muscular fibre causes it to contract.

These facts being indisputable we have now the solution as to the motor or motive power of the heart. The oxygen in the air we breathe coming in contact with the iron corpuscles of the blood emits electricity, which coming in contact with the heart causes it to contract, and hence the power which exerts the blood and sends it tingling through the remotest arteries. What then are the causes of Consumption, Dropsy, Palsy, Paralysis, St. Vitus Dance, Dyspepsia, Epilepsy, Fever and Ague, &c., a deficiency of the red corpuscles containing their iron, sulphur and phosphorus, which cause a deficiency of electricity and consequently an abnormal circulation. The blood becomes watery, and by actual complaints and prostration ensue—the sufferer becomes nervous and subject to rheumatic pains and neuralgia—complaints of the liver and kidneys set in, in short almost every type of disease but virulent fevers may be traced to this deficiency in the blood of the corpuscles or red globules.

Old age causes a deficiency of corpuscles, and while we do not pretend to say that we have discovered the "elixir vitae," we do say that life can be materially prolonged by the use of the

"Blood Food,"

which restores the red globules, and thus the normal circulation. Consumptives! Friends of consumptives! Sufferers from any organic disease!! Unfortunates who have by excess of the body or mind reduced the standard of the blood and diminished the red globules! Ladies suffering any of the distresses known as female complaints be persuaded. The Blood Food can cure you. It has cured thousands of desperate cases where all hope has been given up. Do not reject it, do not throw away your only hope. The Blood Food is an unfailing remedy, give it a trial.

An elaborate treatise, carrying out and fully proving the theory advanced here to be correct, will be mailed to any interested party on the receipt of two 3 cent stamps. Blood Food is sold by all druggists, or where it cannot be had I will send 6 bottles, free of expense for $4. Price single bottle $1. It is put up in 8 oz vials in yellow wrappers—the old kind in small bottles, in red wrappers having been done away with—and bears the fac-simile signature of Church & Dupont upon the face of the wrapper. Beware of counterfeits and imitations.

*** Advertisements, where the time of insertion is not specially designated, will be continued until otherwise ordered

The following is an extract from a proclamation posted up in the streets of Memphis, Tenn., a few days before the secent election

'Our safety requires that those living in our midst, who do not wish to abandon their allegiance to Lincoln's government, who are in favor of negro equality and the degradation of the white race, should leave the city as soon as possible That a number of men at the North, who have made their homes in this city, are true to the South there is no doubt, but there are others whom I will not do to trust

There are men who notwithstanding they have made all they are worth from Southern patronage are recreant to the South and in her hour of peril will prove themselves traitors Those men must be compelled to leave here We do not counsel for it for this purpose, unless a refusal is given to comply with such a demand

Let the proprietors of business houses, machine, carpenter and cabinet shops, foundries, printing offices, plain and tailor shops, hotel and boarding houses report immediately the names of all those who they know cannot be trusted as friends of the South It is important that this be done—the security of our property and the safety of our families demand it Our gallant sons who are anxious to march wherever the service may require them wish to carry with them the consoling thought that they have not left behind them the lurking enemy who while lingering around their homes and firesides will incite our negroes to insurrection, and bring the worst calamities upon our wives our mothers and our daughters

The process of marking the Union men on the day of election was by writing the name of each voter as it was entered upon the poll book, upon the face of the ticket with the corresponding number entered on it both so that after the vote was counted the Union tickets could easily be selected and the voters attended to This design was known before the election, and of course defeated Union men from voting at all or compelled them to vote for secession

The balloon experimenting at Washington on Tuesday afternoon seems to have been eminently successful Messrs Burns of the Telegraph company and Robinson the operator, accompanied Prof Lowe Mr Robinson had charge of the aerial line—an exceedingly small Helix wire insulated with green silk and connected with the regular lines The White House the War Department, Alexandria and the Philadelphia offices were communicated with The highest ascension was 3 feet After the experiment was concluded the balloon was towed up by ropes to the ground in front of the President who reviewed it from the window The car was adorned with two American and one British flag The first message telegraphed from the balloon was sent to President Lincoln It reads as follows

BALLOON ENTERPRISE,
Washington June 17 1861

To the President of the United States—

Sir This point of observation commands an area of nearly fifty miles in diameter The city with its girdle of encampments presents a superb scene It is a great pleasure in sending you this first despatch ever telegraphed from an aerial station and I acknowledge my grateful indebtedness to your encouragement for the opportunity of demonstrating the availability of the science of aeronautics in the military service of the country Yours respectfully

T S C LOWE

HOW TO CONDUCT AFF WITH THE SOUTH We have before announced that letter could be sent to the Southern States through a channel about to be established Lord Lyons by We now learn that arrangements have been perfected and the plan laid by which letters can be safely forwarded to get a letter to New Orleans it must be put in a United States stamped envelope will not do because the law of Congress forbids express companies from carrying letters in any other way than when inclosed in stamped envelopes The letter should then be directed in the following manner—Mr Benjamin Franklin New Orleans Louisiana Inclose the letter in another envelope with twenty cents worth of United States stamps, and direct as follows—Adams Express Co, Louisville Ky It must be paid with one or two three cent stamps according to weight—The twenty cents worth of postage stamps pays ten cents to the express company for their trouble, and enables them to pay the bogus confederacy postage which is ten cents from Louisville to New Orleans the distance being over 600 miles but if the letter is intended for a point distant from Louisville less than 600 miles, then the confederate postage will be but five cents—It is under stood that this arrangement has been entered into with the knowledge and consent of Postmaster General Blair and if properly carried out, as we think no doubt it will be, a great benefit to the people of both sections of the Union—*A Y Herald*

THE REBEL COMMISSIONERS ABROAD The Paris correspondent of the N Y Times writes

We have had a flying visit from Mr Dudley Mann But no other he, nor Judge Root (who has been at Paris) nor Mr Butler King, have ever seen either the Emperor or M Thouvenal, and they have less occasion to see them now than ever It was reported here a few days ago that the whole batch of secession agents had gone home together, but this turns out not to be true. They are still clinging to Mr Gregory and his aiders and abettors in the English Parliament, and waiting, like Mr. Micawber, to see what may turn up They are in the meantime, talking largely about buying guns, but no one on our side of the question knows whether they have much or little money for such an object, much less how they propose to obtain admission for their guns when bought. The English government refuses to permit the sale to either party of Armstrong guns, but plenty of muskets may be had anywhere, while the Belgian and Prussian manufacturers will furnish all kinds of arms, and good ones, too

NEWSPAPERS—The New York Journal of Commerce publishes a list of fifty newspapers that have been discontinued within a few months. Upon no business does the pressure of the times fall more heavily than upon newspapers. Their increased circulation, although with many this is great, is met by an increase of telegraphic expenses, correspondence, &c, and the falling off in advertising is a dead loss Many other papers, which a little while ago were profitable and which are still moderately prosperous, will doubtless be obliged to succumb—*Springfield Republican*

SOUTHERN UNION NEWSPAPERS—The depression in the newspaper business falls with especial severity upon such loyal Southern papers as the National Intelligencer and the Louisville Journal, which, beside, the diminution in advertising are cut off from their Southern circulation The Intelligencer says

The very serious curtailment of our resources in consequence of the troubulous times upon which we have fallen, must, we need hardly say not only impaired the prosperity, but jeopard the very existence of the National intelligencer, unless it can find some amends for Southern losses by the increase of its circulation in the border slaveholding and Northern States'

We should deeply regret the suspension of the National Intelligencer which has been in the highest sense of the word a national newspaper Its influence for good has been very great, during all the vicissitudes of the nation for the last half century And it has by no means outlived its usefulness. Both the Intelligencer and the Louisville Journal have strong claims upon the Union loving men of the North for assistance in this critical emergency—*Boston Journal*

DESIRE OF SOLDIERS FOR WATER ON THE BATTLE FIELD A correspondent, who was in the Bethel fight, speaks of the risk a soldier will run to obtain water upon the battle field

'Some of us have had very narrow chances for life In the course of the fight several of us ran across a road along which the cannon of the enemy were constantly playing in order to get water (I find, by the way, that on the battle field a man will risk his life without hesitation, for water) Having got it we were waiting to rush back again, dodging the balls in order to do so Our First Lieutenant sang out 'Don't see many of you come at once' I, with some others, stopped to allow the next lot to pass They made a rush, and when nearly across a cannon ball came whizzing along and killed four men mowing them down instantly One was of our own corps, one of the First Boston company, one a Lieutenant of Artillery and one unknown to me On seeing this we immediately made a rush after them but though running the same risk, went safely over

WAR LETTER FROM A BALLS The following extract from the letter of our clerking friend, shows that there are 'wheels within wheels,' even in the ministry of beauty Let us hope to hear from those who have any modifications of their angelic duties to recommend —*Home Journal*

*** Handsome women are in luxury The Ladies Relief Association refuse all volunteer nurses except *plain ones!* No one is to be sent to Washington who has any pretension to good looks Beauty is to stay at home and serve him! This seems to us all exceedingly tyrannical, though some of us are trying to disembarrass ourselves of the eligible degree—having cut off our various little becomingnesses etc, etc But it does not seem to us very politic, for, who wishes to be handed over to history as a woman certified to be 'plain' by a committee

Then they accept none who are under thirty Dear me Is nobody to be devoted to a dying young hero except an old fossil like this? We how many are going to confess to thirty? The army should be consulted I think too as to whether they *really prefer* those nurses who are old and ugly All loves are not agreeable and it may need a handsome nurse sometimes, to persuade the wounded Augustus to take his medicine Should there not be at least a 'Reserve Guard (of unpretty girls) for this branch of the service

Of course there is an elderly Army Surgeon at West Point Could you not ask him the profession I question as to whether good looks are not naturally more healing and soothing And ask him whether a plain gloomy looking nurse (like that hideous old Aunt Hepzibah who has been accepted and gone to Washington) not discouraging an irritating to a hand one would suffer?

A TOUCHING INCIDENT The Boston Herald reports the arrival from Baltimore (by the U G R R) of a fugitive slave Soon after reaching Boston he was passing through the Doric Hall of the State House where he recognized one of the soldiers who landed on the 19th of April at Baltimore and at once greeted him in passing after his health and asked him if he did not know him The soldier did not at first remember his face when the fugitive asked him if he did not remember a colored man bringing him water to drink, and rags to bind up his wounds while he lay wounded in the street—He replied that he did and at once recognized his Good Samaritan in the person of the fugitive The peculiar circumstances of the case made the interview deeply touching It is added, that when the Massachusetts soldiers fell wounded in the streets of Baltimore the fugitive's wife *tore up her clothes* to make rags to staunch the flow of blood These rags she threw out of a window to her master's house, when her husband gathered them up and carried them to the wounded soldiers

GOOD FOR FREMONT Colonel Fremont is in town on his way to New York with some ten thousand rifles in his possession If you required any assurance of his fidelity and enthusiasm for the cause of freedom it might be found in an incident which occurred at the office of Mr Stevens the celebrated book collector—The Colonel had just come in from Paris and inquired for the latest news from home A few facts were related by Mr Stevens, who continued But I see Jeff Davis has among his aids a man who was born and educated in Charleston, with a French name—yes it is Fremont—Colonel John C Fremont

To an instant Fremont's whole frame trembled his hands were clenched, and his eyes fairly snapping fire with suppressed indignation At once leaving his friends, he paced the floor of an adjoining room, until he was sufficiently calm to come back and speak And then the words came with an energy and will that thrilled his listeners with a patriotic fire, which will find an answer in the heart of every lover of our dear country, whoever he may be. 'Gods,' said he, 'I wish for nothing more on earth, or in heaven, than to stand in Richmond to-day with our army of brave fellows, and the order in my hand to lead them through the Southern States to New Orleans'

Who would not follow John C Fremont, wherever he might lead to death or victory?—*London Letter to N Y Post*

A POLITE MAN The Duke of Ormond, who was a true pattern of politeness, was visited a short time before his death by a German baron, who was also one of the polite men of his country The Duke, feeling himself dying desired to be conveyed to his arm chair when, turning toward the baron, he said, 'excuse me, sir, if I should make some grimaces in your presence, for my physician tells me that I am at the point of death' 'Ah, my duke,' replied the baron, 'I beg that you will not put yourself under the least restraint on my account.' This may emphatically be called 'running politeness into the ground.'

DIXIE A correspondent of the New Orleans Delta says that it is a common error that 'I wish I was in Dixie' is a Southern song, and offers the following explanation

'Now I do not wish to spoil a pretty illusion, but the real truth is that Dixie is an indigenous Northern negro refrain, as common to the writer as the lamp posts of New York city seventy or seventy five years ago It was one of the every day allusions of boys at that time in all of their out door sports And no one ever heard of Dixie's land being other than Manhattan Island until recently, when it has been erroneously supposed to refer to the South from its connection with pathetic negro allegory

When slavery existed in New York, one Dixy owned a large tract of land on Manhattan Island and a large number of slaves. The increase of the slaves and the increase of the abolition sentiment caused an emigration of the slaves to more thorough and secure slave sections, and the negroes who were thus sent off (many of them being born there) naturally looked back to their old homes, where they had lived in clover, with feelings of regret, as they could not imagine any place like Dixey's—Hence it became synonymous with an ideal locality, combining ease, comfort, and maternal happiness of every description In those days negro singing and minstrelsy were in their infancy, and any subject that could be wrought into a ballad was eagerly picked up. This was the case with 'Dixie' It originated in New York, and assumed the proportions of a song there In its travels it has been enlarged and 'gathered moss' It has picked up a note here and there A 'chorus has been added to it, and from an indistinct 'chant' of two or three notes, it has become an elaborate melody But the fact that it is not a Southern song 'cannot be rubbed out' The fallacy is so popular to the contrary that I have been thus at pains to state the real origin of it'

A MEXICAN CATHEDRAL The Cathedral in the city of Mexico is the largest religious structure on the American continent It is 500 feet long 420 feet wide and capable of holding 30 000 persons The building is not an comfortably with any order of architecture, although remarkably imposing The walls are built of hewn basalt, but the front is covered over with the most laborious carving White marble pillars rise up against the wall for the support of its lofty towers The interior is gorgeous almost beyond description though the decorations are more remarkable for costliness than taste The choir is formed of rare, carved woods, and elaborately covered with gilded images The high altar, raised from the floor on an elevated platform exhibits a profusion of candlesticks crosses and other ornaments of solid gold or silver and is crowned by an image of the Virgin, decked in jewels estimated at the value of more than $2 000,000, and all other parts of the church are a wilderness of columns statues, shrines, founts, &c

FOR THE CURIOUS The greyhound runs by eyesight only and this we assert as a fact The carrier pigeon flies on his two hundred and fifty miles journey homeward by eyesight viz from point to point of object which he has marked, but this is only an conjecture The hummingbird fly with twelve thousand beats in his eye, darts from angle to angle with the rapidity of a flashing sword and runs readily darts backward turning in the air, but with a clash reversing the action of his four wings, and instinctively calculating the distance of the objects he would dash himself to pieces But in what conformation of his does this consist? No one can answer

A cloud of ten thousand gnats dance up and down in the sun—the minutest interval between them—yet no one knocks another upon the grass or breaks a leg or wing long and hideous as these are Suddenly—amidst your admiration of this matchless dance—a peculiarly high shouted, vicious gnat with a long proboscis darts out of the ring and falling cloud and settling on your cheek inserts a poison as sting What possessed the little wretch to? this—Did he smell your blood in the merry dance? No one knows

A four horse coach comes suddenly upon a flock of geese on a narrow road and drives straight through the middle of them A goose was never yet fairly run over nor a duck—They are under the very wheels and hoofs and yet somehow they manage to flap and waddle off Hobbled by stupid heavy and fat and out they nevertheless equal to any emergency

A FUEL BLOWN ROSE ON A WILD CHERRY TREE Three years ago Mr John R Brown, who resides at No 600 North street in this city found in the woods a very small wild cherry tree, a mere shrub and thinking it possible to make something of it, though he hardly guessed what transferred it to his garden It has grown rapidly and is now about fifteen feet in height But what is most astonishing in it but a few days ago there appeared upon one of the small branches about seven feet from the ground a few blossoms, a beautiful white rose of the double species, about two inches in diameter and having every appearance of the cultivated garden rose growing upon its own natural stem the only difference being that the rose grew which ascends from a branch of the tree not much larger than a pipe stem passes quite through the rose and is seen at some distance above it Near to this stem on one side, is another with leaves, as in the flower each resembling the rose leaf more than the cherry leaf on this is a beautiful rosebud, nearly ready to open itself to our gaze On the other side is still another stem, but unmistakably a legitimate shoot of the parent cherry tree—the leaves bearing but slight resemblance to those on the other stems referred to Hundreds of our people have visited the tree since Saturday and all unite in pronouncing the phenomenon a most remarkable one.—*Providence Post*

Two clergymen were settled in their youth in contiguous parishes. The congregation of the one had become much broken and scattered while that of the other remained large and strong At a ministerial gathering (both of these pastors being D D s) Dr A said to Dr B Brother, how has it happened that while I have labored as diligently as you have, and preached better sermons, and more of them my parish has been scattered to the winds, and yours remains strong and unbroken?

D B facetiously replied, 'Oh I'll tell you brother When you go fishing, you first get a great rough pole for a handle, to which you attach a large cod line, and a great hook, and twice as much bait as the fish can swallow—With these accoutrements, you dash up to the brook, and throw in your hook, with *'there fits you dogs'* Thus you scare away all the fish When I go fishing, I get a little switching pole, a small line, and just such a hook and bait as the fish can swallow Then I creep up to the brook, and gently slip them in and *I twitches 'em out twitch 'em out, till my basket is full*—*Cornwell's 'How to Enjoy Life'*

OLD WAGONS AND CARRIAGES Almost every farmer in the early part of his practice, is tempted to buy second hand wagons, old carriages, etc, from their cheapness, but if he keeps a correct account of the bills for repairs by the blacksmith, wheelwright, painter and others, he will soon discover that the first wear of the carriage is the cheapest. Thus a new rockaway will frequently run two, three or four years, with scarcely a repair, and if well cared for, will seem to be almost as good as new; the next three years will develop rather a different state of things. Those who have most experience, find it to their advantage to sell all their old carriages before they begin to need frequent repairs A carriage, like a carpet, may be worn a long time in good order, but as soon as either show wear, they are well sold at half their cost.

LOCAL AND MAINE ITEMS

JOB WORK. We are prepared to execute job work of all kinds at remarkably low prices and in the neatest style

☞Copies of the Daily Whig—price three cts—for sale at our counting room

☞Our Carriers are not allowed to sell papers while on their routes.

*** Subscriptions for a less time than three months 25 cents per month.

☞The Kenduskeag Bathing Rooms will be open this evening from 7 till 10, and Sunday morning from 6½ till 10 o'clock

DEATH IN CAMP A dispatch to Mr John Wyman, from Lieut Wiggin, of the Bangor Light Infantry, now encamped at Meridian Hill, Washington, states that Charles F Hall a Sergeant in that Company, died on Thursday of this week He was about 23 years of age, and resided in this city

☞A Mr Hutchings, at work in a sawmill at Branch Pond, Ellsworth, lost all the fingers from his left hand by a circular saw

☞Fourth of July is to be celebrated in Penobscot by an oration and levee

NARROW ESCAPE—A careless soldier belonging to the 4th Regiment, fell between the cars of the Grand Trunk Railroad in Portland, on Wednesday, but was fortunately pulled out with out fatal injury

THROWN OUT—Two daughters of Mr Daniel Waterman, of Poland were thrown out of a carriage while riding Sunday evening, and one of them was severely injured

☞The Advocate, printed at Lewiston, says that C W Walton our Representative to Congress from the 2d district, is getting ready for his duties—'is practicing shooting at a target' Good for him He appreciates the *temptations* of Washington life

☞The Concert by Madame Anna Bishop, last evening, in everything but numbers, was decidedly successful and delighted the audience It is to be repeated Monday evening at an admission price of 25 cents

☞Miss Susan Magown of Brunswick was accidentally hit with a bat struck by a boy while playing ball Three of her teeth were knocked out and her face badly gashed

☞We are informed that with pleasant weather the rails on the Androscoggin railroad will be extended from Brunswick nearly to Little River this week —*Both Times*

JONAH'S GOURD Mr Albert Noyes of this city has left at our office a stalk of mammoth rhubarb, which girths 8¾ inches, and weighs 4½ pounds It makes a respectable sized shade tree

THOMAS MURPHY this Thomas Murphy, was brought before the Police Court yesterday, for flogging his wife he was fined and ordered to give bonds to keep the peace, and for want of a suitable friend to furnish the surety was committed to jail

ANOTHER COMPANY is about to be raised in Aroostook county, by Henry Rolfe, Esq., of Mapleville

HOT On the 19th of June the mercury stood at 10 deg in the shade at Presque Isle, Aroostook county

The Richmond ladies presented the volunteers from that city prior to their departure, each with a handkerchief, two handkerchiefs and a shawl all containing needles pins scissors thread &c

☞According to the new mail contract, which is to go into effect the 1st of July, the mail will be two days from Boston to Rockland The Rockland papers are justly indignant at the new arrangement

☞The Governor and Council have authorized Mr Grainger to paint the portrait of General Knox, ordered by the last Legislature He is now in Boston and has obtained permission to copy the picture now hanging in Faneuil Hall The portrait when completed, will be placed in the rotunda of the State House

A young girl seventeen years of age in Biddeford is able to manufacture a pair of mens boots as well as the workmen of the other shops Thrown upon her own resources, she bravely learned a trade rather than be depend ng upon others for her daily bread

☞The Lewiston Falls Journal speaks of the Bangor House in this city as "one of the best public houses in this State, and even in New England Mr Larrabee, the landlord, is one of the most successful and most popular hosts to be found—always genial accommodating and attentive to the wants of visitors,—the house from cellar to attic is always neat and airy and the table is all that the most fastidious could desire

AUDACIOUS ASSAULT AND ROBBERY At 12 o'clock this morning two persons called at the house of Mr H C Garland on Essex street Mr Garland's wife lying dead in the house, he was reposing on a lounge, and his brother Daniel sitting up The latter answered the bell and the intruders demanded a small piece of money and made considerable boisterous talk He advised them to go away as his brother's wife lay dead in the house, but they persisted Daniel then called his brother, who came to the door in a half somnolent state when the ruffians struck him a severe blow on the head, whereupon Mr H C Garland sprung towards them out of doors and fell They followed up their blows, and robbed him of a gold watch and chain gave him but a short time before by his dying wife, and made off The moon was shining brightly at the time No arrest has yet been made of the audacious and brutal scoundrels Mr Garland was quite severely injured—*Times*, 21st

THE CAPTURED PRIVATEERS—*A Threat of Vengeance* The Charleston Mercury grows furious over the thought that the crew of the privateer Savannah are in danger of the pirate's doom, and declares—

If one of these men perish, and we look to the authorities at Richmond for immediate and bloody retribution We look to them, and we shall expect them to settle a strict account of blood for blood

If the hair of the head of a single man of the crew is injured, South Carolina will demand that the outrage be atoned for—an eye for an eye—a tooth for a tooth—a life for a life Aye! and she will have it—no more and no less, on the battle field and after the battle Let one of these her citizens, commissioned in her cause perish as a pirate, and woe to the enemy that falls into our hands. Humanity and justice, no less than the cause itself will compell to prompt and ample retribution; and the sooner this is understood, the better for all parties to the war Civil warfare will be met in kind, savage warfare will compel savage warfare The North can make it either Let them now decide.

NO RECOGNITION It will be seen by our foreign dispatches that the proposition for recognizing the independence of the Southern Confederacy, which was to have been discussed in the British House of Commons on the 7th inst., has been indefinitely postponed Its mover, Mr Gregory, when the time came, stated that his purpose was merely to present the Southern side of the question as fully as the other side had been presented, and so he easily consented to its final disposition So that bugbear is ended upon which the secessionists had built extravagant hopes The English government has been learning fast of late, and consequently striving to recover from its premature leaning toward the rebels It would seem that there is nothing now to prevent the most complete accord between our own government and that of Great Britain, and we trust the relation will continue to the end of this war—*Boston Jour*

Bad spelling is disreputable Every young man should be a master of his native tongue He that will not learn to spell the language that is on his own tongue and before his eyes every hour, shows no great aptitude for the duties of an intelligent, observing man a man that cannot see with his eyes open According ly we have known the application of more than one young man made with great display of penmanship and parade of references rejected for his bad spelling Bad spelling is a very bad indication He who runs may read it A bright schoolboy utterly incapable of appreciating your stores of science art, and literature, can see your blunders You will find it hard to inspire that boy with any great respect for your attainments. Bad spelling is therefore a mortifying and inconvenient defect We have known men thrown in very prominent positions so ashamed of their deficiency in this respect that they never venture to send a letter until it has been revised by a friend

A REBEL TROPHY A gun taken from one of the rebel pickets, who dropped his piece and ran bridge box and all, and fled 'in all directions, at the sudden appearance of a mounting party of Vermonters near Newport News has been sent to St Albans by Adjutant Stevens, to be placed in the armory of the Ransom Guards as the first trophy taken from the enemy by the Vermonters of the First Regiment The gun is described as a light *fowling piece* of ancient construction will rough wooden ramrod and iron brims the statements as to the deficiency of muskets in the Virginia armies—*Burlington* (Vt) *Free Press*

CREVASSES AT THE SOUTH Accounts from Louisiana represent that great damage has been done to the plantations by crevasses in the levees at various points on the Mississippi Two severe breaks have taken place in Concordia parish La submerging the plantations drowning the young cotton and corn, and doing great injury to fences and buildings

In search for arms, in the quarters of the slaves and free negroes, at St Louis, on Wednesday, four guns, two pistols one lightning rod spear, one pair of steel knuckles and a large lot of ammunition were recovered

CLOTHING.

GENTLEMEN

Having recently purchased the fortunes of Tailor Holbrook Hutchinson and having myself proved that system to be entirely wrong for the Retail Tailoring business I am upon the point to adopt the CASH SYSTEM It is better for the customer who expects to pay for his clothes as the amount lost by bad debts under the credit system is divided between the firms and the patronizing public in the former to consequently pay them as much as 20 per cent. less for their garments and the latter is saved from bankruptcy Consequently I would invite all Cash paying customers to examine the Stock of Goods now on hand and recollect that my prices are not 20 per cent higher than many other Clothing Houses in the city The Cutting Department is under the charge of Mr J H LARKIN favorably known in New York and Boston as one of the Best Artists in the Art of Cutting

... Francis H Pierpont was unanimously elected Governor, Daniel Polsley, Lieut Governor Messrs Lamb, Paxton, Van Winkle Harrison and Lazear, form the Governor's Council The election of Attorney General is postponed until Saturday

... Governor Pierpont was inaugurated this afternoon, taking, in addition to the usual oath, one of stringent opposition to the usurpers at Richmond. He then delivered an address to the Convention, urging a vigorous prosecution of the work of redeeming the State from the hands of the rebels.

A message from Governor Pierpont, recommending a strong militia organization, is expected in a day or two

To night the city is in a blaze of excitement, fireworks, bell ringing, cannon firing, etc, everybody is rejoicing

There is no reliable intelligence as yet concerning the burning of the bridge near Piedmont It is not thought here that the rebels have gathered in any numbers

General McClellan to-day assumes command in person of the Western Virginia forces He expects to have 15,000 men here in the field before Saturday night

All Quiet at Alexandria.

WASHINGTON, 21st

The Navy Department has issued a circular to be sent each of the 200 bidders for building gun boats, proposing to give $56,000 for gunboats constructed in 70 days, $54,000 if in 90 days, and $52,000 if in 105 days—the entire number of boats being 25 of class designated If acceptors exceed this number, then they are to draw lots, or otherwise decide as to whom contracts will be awarded

H B Tyler, recently arrested in N Y Lieut. Marine corps, has been dismissed from service

Adjutant General has issued an order that Captains and 1st Lieutenants of the old army regiments, who are appointed to the same grades in new regiments, are to be considered as having been transferred, and will, accordingly, be mustered into their new regiments and be borne upon army register with same date of rank ordinarily held by them

The 18th New York Regiment went into camp to night, probably at Arlington

Five regiments this side of the Potomac are under orders to march at a moment's notice

The 1st Massachusetts (Boston) regiment is camped midway between Georgetown and Chain Bridge and their pickets extend from the former point to the latter a distance of 1½ miles

First Lieut David Lorris of the District volunteers was accidentally fatally shot this morning at Chain Bridge by one of his comrades

Mr Lincoln and two sons, and Mrs Grinsby accompanied by Gen Waltridge, had a narrow escape this afternoon by the horses attached to the carriage running away, but were rescued by the gallant members of the 27th New York Regiment

BALTIMORE, June 21

The American's correspondent at Williamsport says that reliable information has been received that the rebel forces 11,000 strong, from Harper's Ferry with 1 impressed men, are encamped at Stevenson's Depot, four miles this side of Winchester, and about ten from Martinsburg

In Berkeley county, 700 men comprise the entire rebel force, about four fifths of whom are encamped four miles south of Martinsburg

Seventy cavalry and sixty infantry are encamped at Barber's Hall and others are between that point and the Potomac

Gen Cadwallader is still at Williamsport, with 6000 men

The rebel pickets are on the opposite side of the river, and threaten to bombard the town

Two 24 pounders and an 8 inch howitzer were planted, by Cadwallader, on a hill between the town and the river last night The people are frightened Many have left, and others are preparing to fly

A body of regular cavalry joined Cadwallader yesterday Movements of troops are unknown, but they are anxious for a fight

A note from the correspondent of the Associated Press at Hagerstown, says that neither Col Bowman or a private of the 8th Penn regiment, who were taken prisoners opposite Williamsport, on Wednesday, have since been heard from, and the soldiery are much excited in consequence, and threaten to arrest Dr Magill of Hagerstown, and hold him as hostage

Important movements are expected by Patterson's column in a day or two

Despatches from Harper's Ferry to Washington States confirms the report that 300 rebel troopers arrived at the Ferry yesterday, and completed the work of destruction They burnt the rifle factory and Shenandoah Bridge, and run a first class locomotive off the abutment into the river They said they were instructed to blow up every house in town on which the Union flag could be found, but fortunately there were none They commenced to arrest all Union men, and succeeded in securing 11, who they took off About 50 were pursued into the river, and swam to the Maryland shore, but were fired at in the water, without any other effect than perforating two hats The rebels took off about 60,000 gun stocks from the rifle factory

The Star has despatches from Bedford, Pa, announcing the arrival of messengers from Cumberland, from Col. Wallace. Wallace had started his baggage towards Bedford, and had entrenched himself on the north side of town, awaiting approach of the traitor army from Romney The latter ascertained he had prepared to meet them, and returned again to Romney He has sent to Gen Patterson for aid to drive them from Romney, and two regiments had been sent to join him

NEW BEDFORD, Conn, 21st.

The funeral of Major Winthrop this afternoon was attended by a procession of over 1000 people, including the Veteran Greys, Governor's Foot Gards, Emmet Guard, Russell's School and Battalion of the National Blues, officers of the Horse Guards, the City Government, Yale College students, &c. The hearse was draped with an American flag During the passage up Chapel street by the procession, the bells were tolled and cannon fired The flags throughout the city were at half mast and many of the stores on Chapel street were draped in mourning

LOUISVILLE, 21st

It is conceded that Union candidates for Congress are chosen in all districts except Burnett's, who is undoubtedly elected

BALTIMORE, 21st.

The Washington Star says Gen McDowell advanced his lines four miles towards Fairfax—The rebel rag can be seen two miles from camp

Both have advanced, but there are no indications of attack

Marshal Bonifant is summoning witnesses from Baltimore county to appear before a Grand Jury, Monday, in case of Merriam, both as to burning the bridges and acts against Union men in the vicinity The Grand Jury are all unconditional Union men

NEW YORK, 21st

The N H regiment left at 6 o'clock for Washington, under escort of the Sons of New Hampshire. They attracted great attention, and were enthusiastically cheered on their departure

ELMIRA, N Y 21st

The 26th New York regiment left this morning for Washington

WASHINGTON, 21st

The following Consuls have been appointed—Edward Trowbridge, Conn, at Bermuda, Wm Porter of Louisana, at Tripoli, J P Hutterschendt of Kansas, at Moscow, M F Nash of Kentucky, at Stuttgardt, W Bebb of Tenn, at Tangiers, W H Russell of Missouri, at Trinidad, John E Newport, Penn, a Turks' Island, S Churchman, Cal, at Valparaiso, A W Crawford, Pa., at Antwerp

NEW YORK, 21

Arrived—ship City of Bath, Havana, brig Martha Post, Turks Island

ALEXANDRIA, 21st

Exceedingly quiet—excessively hot Reports from outposts on the London road this evening, are peaceful, except that the rebel flag can be seen by the pickets, two miles outside of the camp

The Fairfax, Orange and Manassas roads are now looked to with more interest, as secession pickets are reported to have approached at times as near as Georges, about 8 miles out

AUGUSTA, 21st

Offers for the Maine loan, from par to 4 per cent premium, have been made largely in excess of the amount called for

NEW YORK, 21st

Col Lansing's 17th Regiment left in the cars to day, for Washington

The Post's special Washington despatch says this morning the rebels were concentrating a large force at Fairfax Court House Every movement indicates an attack on our lines with in a short time It is believed that Gen Beauregard can concentrate 60,000 troops at any given point within a week

All is quiet at Fall's Church and Vienna Our troops at Vienna are fully prepared for any attack The artillery is unlimbered and ready for immediate use

A strict examination of the causes of the lamentable affair at Vienna, exculpates the engineer of the train which took the troops up The entire responsibility of the blunder rests upon Gen Schenk

The Commercial's special Washington despatch says officers of the army say that unless a collision occurs before to-morrow evening, there is little chance of any taking place at any time There is a confirmed conviction here that the rebels are out flanked and must fight or surrender

ALBANY, 21st

Sergt Blener, of the 10th Zouaves, was accidentally shot to day while drilling recruits

ST LOUIS, 21st

The Democrat's special despatch from Syracuse, 25 miles south of Boonville, says an expedition nearly 1000 strong, with four pieces of artillery, under Capt Totten of the Regulars, left Boonville Wednesday night and reached this place at 10 o clock yesterday

Gov Jackson with 500 men, arrived here Tuesday, after impressing property Both enemies and friends being afraid of pursuit suddenly left yesterday morning, proceeding southward towards Warsaw Our forces have gone forward to day but there is little hopes of overtaking the fleeing party

A battle took place at sunrise Tuesday morning between 800 Union Home Guards under Capt. Cook, near the town cole, and a large party of secessionists from Warsaw and surrounding country, in which 15 guards were killed and 20 wounded, many severely, and 30 prisoners taken Most of the Guards were in a large barn when the firing began, but immediately sprang to arms and said they killed 40 of the attacking party before being overruled by superior numbers, nearly all finally escaping

Capt Cook reached here this morning in disguise He says not over one half his force was well armed, and over 200 participated in the fight He hastened forward to overtake and consult with Capt Totten

Some of Jackson's party went out from here Wednesday night, by railroad, taking what rolling stock they could, destroying the rest, and burning Lamine bridge, six miles from here—Syracuse is now protected by Federal troops

Among several letters captured at Booneville by Gen Lyon, were some embracing orders from headquarters to destroy the bridges on the North Missouri, Hannibal, St Joseph and Pacific railroads, and instructions to different officers and individuals respecting the organization of troops, etc One enumerated the arms and ammunition seized at Liberty, some time since The list is as follows—8 brass guns, 12 iron 6 pounder, 166 balls, 380 pounds of canister 59 stand shot, 280 fixed rounds, 180 muskets, 233 rifles, 121 carbines, 811 pistols, 469 sabres 44 artillery swords, 4000 pounds cannon powder, 900 pounds musket powder 190,000 musket charges 9000 musketoon cartridges, 175,000 rifle cartridges, 58,000 pistol do, and ten thousand blank

WHEELING, 21st

The convention to day adopted an ordinance relating to disbursements, public revenue and providing for the appointment of Auditor, Treasurer and Secretary of the Commonwealth, also an ordinance fixing salaries of certain officers

Resolutions were offered and referred, recommending to the Federal authorities the construction of a military road from Webster, on the Northwestern Virginia Railroad, southward to a suitable point in Western Virginia

Resolutions were adopted ordering a copy of the declaration and signature to be forwarded to the President of the United States

Convention adjourned till Monday to give a committee of 17, time to perfect an ordinance for organization of State militia.

Those Havelocks.

Mayor Stetson has received from Lt Col. C. W Roberts of the Second Regiment, a letter acknowledging the receipt of the Havelocks made by the enthusiastic ladies of Bangor for the officers and soldiers of the Second Regiment, who are now located at Camp Seward, on Meridian Hill The writer tenders their thanks to the fair donors for the useful present, and trusts that the future course of the regiment will be such as will merit the confidence reposed in them by the ladies

There are many little things which have been done for the convenience of the soldiers, which have added materially to their comfort and health, and still the ladies are willing to do more if it is necessary If the Government does not furnish the regiment with their clothing, the ladies will have to take hold of the matter, and supply them They certainly need it greatly, and governments are so very slow that the season will be nearly through before the want is supplied

Men who lay aside their business and their pleasures, and peril their lives in defence of their country, should be cared for in every particular, and should not be allowed to suffer for such of the comforts of life as it is in the power of those left behind to obtain for them

The following from the St Louis Republican of Monday, shows that the Missouri rebels under Gov Jackson, at Boonville, were but poorly prepared to resist the attack of Gen Lyon

"At our latest advices, Gov Jackson was at Boonville, with a retinue of Government and other officers, and making preparations for a battle there Meanwhile Gen Lyon and his force will push forward as rapidly as possible, with a view to encounter the Governor and capture him with as little loss of life as possible There are some brass pieces of cannon at Boonville, but, with the exception of Col. Kelly's command the State troops must be poorly supplied with arms or ammunition Brave men as they, must necessarily fight at great disadvantage when encountering regular troops of all arms of the service, and a larger body of men better prepared in every way for battle As things now look all the important points in the State will be occupied by the United States troops in a week's time"

HE GOT IT A letter was received in New Orleans directed 'To the biggest fool in New Orleans.' The postmaster was absent, and on his return one of the younger clerks informed him of the letter 'And what became of it?' inquired the postmaster 'Why,' replied the clerk, I did not know who the biggest fool in New Orleans was, so I opened the letter myself' 'And what did you find in it?' 'Why,' responded the clerk, 'nothing but the words, Thou art the man'

How to Meet a Bankrupt —Take no note of him

The Douglas Brigade, composed of the flower of Northern Illinois, is already full, and is to be splendidly equipped They have engaged a band of thirty pieces

Three officers of the Ellsworth Chicago Zouaves are now in Boston, for the purpose of organizing a regiment of Zouaves there

Gov Andrew of Massachusetts will be called upon for ten additional regiments, fully armed, equipped and provided with everything necessary for their comfort They will be enlisted for three years

Ex-President Van Buren is 78 years old A few days ago he said to a friend who called upon him "the Government must be sustained at whatever cost"

The Memphis Avalanche thinks that further precautionary measures are required to prevent slave insurrections

PHOTOGRAPHING THE OCEAN BED —A photograph has been taken of the bed of the bay at Weymouth, England The camera was placed in a box with plate glass front, and a moveable shutter, to be drawn up when the camera was sunk to the bottom When the intended process was gone through, the box was drawn up, and the image developed was of rocks and weeds The expected utility of the art is to discover the condition of piers and other structures beneath the surface of the water

IRON PLATED SHIPS —Admiral Elliot having returned to England from a tour of inspection in France, informs the House of Commons that the French are building iron plated vessels as fast as they can forge the iron to cover them Sixteen are now on the stocks From the effects of this announcement, probably, the English Government has taken alarm, and the Army and Navy Gazette says at least six additional iron plated ships will be constructed in private yards as soon as the drawing can be prepared, all of which will be of the most conformidable character

AYER'S CATHARTIC PILLS.

Are you sick, feeble and complaining? Are you out of order with your system deranged and your feelings uncomfortable? These symptoms are often the prelude to serious illness. Some fit of sickness is creeping upon you and should be averted by a timely use of the right remedy. Take Ayer's Pills and cleanse out the disordered humors — purify the blood, and let the fluids move on unobstructed in health again. They stimulate the functions of the body into vigorous activity, purify the system from the obstructions which make disease. [illegible]

ATWOOD'S Quinine Tonic BITTERS,

The Best Aromatic Tonic ever offered to the Public

Recommended by the Faculty

For its Superior Medicinal Qualities!

THIS elegant Compound which has secured the confidence and endorsement of most of the leading Physicians of New England is a palatable and efficient form of Quinine containing all the peculiar virtues of PERUVIAN BARK carefully combined with various *tonics* and *stomachics* and cannot fail to meet the wants of the debilitated

It is a mild tonic to the stomach increasing the appetite assisting digestion pre-eminently good in dyspepsia, strengthening and invigorating to the digestive and nervous systems after prostrating diseases and in fever and ague or kindred complaints its aid is invaluable

For diarrhoea, dysentery and cholera morbus, the public may rest assured there is nor can be any better general remedy

One of the very best physicians in Boston has said *"that it is the very best preparation of Bitters that has ever been offered to the public"*

Put up in half pints as well as quart bottles, in order that all may convince themselves of its superiority.

For further particulars reference is made to the printed circular

For sale by CHAS H ATWOOD, 19 Central-st Boston, and by druggists everywhere

School Books.

A LARGE LOT of New and Second Hand School Books, for sale by A. BARTLETT, East Market Square apr1 (Times)

A Card to the Public.

THE amount of bodily and mental suffering from a neglect of small complaints is incalculable, and it is therefore of the utmost importance that a strict attention to the least and most trifling bodily ailment should be had; for diseases of the body invariably affect the mind. DR. MOFFAT'S VEGETABLE LIFE MEDICINES in every instance where they have been thoroughly used have TRIUMPHED OVER DISEASE in almost all its diversified forms. The salutary effects of the Life Medicines have, in fact, been so universally experienced, that they have become fully established as the most easy, safe and perfect mode of treatment ever offered to the public

THESE MEDICINES

HAVE NOW BEEN BEFORE THE PUBLIC FOR A PERIOD OF 30 YEARS AND DURING THAT TIME HAVE MAINTAINED A HIGH CHARACTER IN ALMOST EVERY PART OF THE GLOBE FOR THE EXTRAORDINARY CURATIVE PROPERTIES WHICH THEY POSSESS.

IN MANY THOUSANDS

Of certified instances, they have even rescued sufferers from the very verge of an untimely grave after all the deceptive nostrums of the day have invariably failed. So great, indeed, has their efficacy invariably and infallibly proved that it has appeared scarcely less than miraculous to those who were acquainted with the beautifully philosophical principles upon which they are compounded and upon which they consequently act. It was to their manifest and sensible action in purifying the springs and channels of life and enduing them with renewed tone and vigor, that they were indebted for their name

MOFFAT'S LIFE PILLS!!!

Are composed of Vegetable Ingredients exclusively as can be ascertained by chemical tests. Their prominent qualities are those of an active and searching though perfectly mild and agreeable detergent aperient of a gentle soporific promoting the insensible perspiration of a pleasant diuretic invigorating the kidneys and bladder and of a delightful tonic cardiac exciting appetite by the demands of active digestion and cheering the mind with that grateful sense of renovated health which is one of the most felicitous feelings of our nature

THE PHŒNIX BITTERS!!!

So denominated from their astonishing power of creating new life and health as it were from the very ashes of the most dilapidated constitution — are more strongly tonic and more immediately invigorating than the pills containing the same choice vegetable extracts as the latter in a different modification. Although really less cathartic than the LIFE PILLS they nevertheless begin to cleanse the alimentary canal much sooner generally operating slightly within three or four hours, and producing a decided sense of relief to the head and stomach and exhilarating the mind in even less time than this

MOFFAT'S LIFE PILLS!

IN AFFECTIONS OF THE HEAD SICK HEADACHE OR NERVOUS HEADACHE, THESE PILLS WILL BE FOUND TO POSSESS THE MOST SALUTARY EFFICACY

Moffat's Phœnix Bitters!

HAVE BEEN HAPPILY USED FOR THE CURE OF FEVER AND AGUE WITH INVARIABLE SUCCESS

BILIOUS COMPLAINTS, AND A MODE OF CURE!!!

A well regulated and proportionate quantity of bile upon the stomach is always requisite for the promotion of sound health—it stimulates digestion and keeps the intestinal canal free from all obstructions. When there is a deficiency of bile the body is constantly costive. On the other hand an over abundance of bile causes frequent nausea in the stomach and often promotes very severe attacks of disease which sometimes end in death

Dr. Moffat's Life Medicines!!!

Should be taken in the early stages of Bilious Complaints, and if persevered in strictly according to directions will positively effect a cure

PILES! PILES!! PILES!!!

As a remedy for this most distressing and obstinate malady the VEGETABLE LIFE MEDICINES deserve a distinct and emphatic commendation — It is well known to hundreds in this city that the former proprietor of these valuable Medicines was himself afflicted with this complaint for upwards of *thirty-five years* and that he tried in vain every remedy prescribed within the whole compass of the *Materia Medica*. He however, at length tried the Medicine which is now offered to the public and he was cured in a very short time after his recovery had been pronounced not only improbable but absolutely impossible, by any human means.

MOFFAT'S Life Pills and Phœnix Bitters

CURE DYSPEPSIA by thoroughly cleansing the first and second stomachs and creating a flow of pure healthy bile instead of the stale and acrid kind *Flatulency Loss of Appetite Heartburn Headache Restlessness Ill Temper Anxiety Languor and Melancholy* which are the general symptoms of Dyspepsia, will vanish as a natural consequence of its cure

THE LIFE MEDICINES

For Bilious and liver complaints, with many well known attendants, bilious and sick *headache pain and oppression after meals giddiness distress heartburn* [illegible] superior to any thing ever before offered to the public.

MERCURIAL DISEASES

Persons whose constitutions have become impaired by the injudicious use of Mercury will find these Medicines a perfect cure as they never fail to eradicate from the system all the effects of Mercury infinitely sooner than the most powerful preparations of Sarsaparilla

SCROFULA

The most horrible cases of *Scrofula* in which the Face Bones and Limbs of the victim had been preyed upon by that insatiable disease are proved by undeniable authority that the sufferers themselves to have been completely cured by these purely Vegetable Medicines after all others had been found more than useless

Acute or Inflamatory Rheumatism Anthritis Chronica or Chronic Rheumatism!

These diseases which are among the most painful and by ignorant treatment, the most inveterate to which suffering humanity is liable are cured speedily and permanently cured by a proper course of the LIFE PILLS and PHŒNIX BITTERS

MOFFATS PILLS & BITTERS!!!

But it is unnecessary to enumerate the many cases in which these purely vegetable medicines have been successful but let us inquire Why are they so universal in their happy effects?

Because they PURIFY THE BLOOD and thus remove all cause of disease in the system

Because they act powerfully upon the secretions of the body, and remove all impurities at once

Because they do not reduce the system, but invigorate it—thus requiring no restraint upon pleasure or business during their operation

TRY MY MEDICINES!!

Try but a Single Dose of the

LIFE PILLS.

TRY THEM! BE SATISFIED!! BE CURED!!!

DR SWEETS
Infallible Liniment,

—IS THE—

Great External Remedy

For Rheumatism Gout, Neuralgia, Lumbago, Stiff Neck and Joints, Sprains, Bruises Cuts and Wounds, Piles, Headache and all Rheumatic and Nervous Disorders.

FOR all of which it is a speedy and certain remedy and never fails. This Liniment is prepared from the recipe of Dr Stephen Sweet, of Connecticut the famous bone setter and has been used in his practice for more than twenty years with the most astonishing success

AS AN ALLEVIATOR OF PAIN it is unrivalled by any preparation before the public of which the most skeptical may be convinced by a single trial

This Liniment will cure rapidly and radically RHEUMATIC DISORDERS of every kind and in thousands of cases where it has been used it has never been known to fail

For NEURALGIA it will afford immediate relief in every case however distressing

It will relieve the worst cases of HEADACHE in three minutes and is warranted to do it

TOOTHACHE also will it cure instantly

For NERVOUS DEBILITY and GENERAL LASSITUDE arising from imprudence or excess this Liniment is a most happy and unfailing remedy — Acting directly upon the nervous tissues it strengthens and revivifies the system and restores it to elasticity and vigor

FOR PILES—As an external remedy we claim that it is the *best* known and we challenge the world to produce an equal. Every victim of this distressing complaint should give it a trial, for it will not fail to afford immediate relief, and in a majority of cases will effect a *radical* cure

QUINSY AND SORE THROAT are sometimes extremely malignant and dangerous, but a timely application of this Liniment will never fail to cure

SPRAINS are sometimes very obstinate, and enlargement of the joints is liable to occur if neglected. The worst case may be conquered by this Liniment in two or three days

BRUISES, CUTS WOUNDS SORES ULCERS, BURNS AND SCALDS yield readily to the wonderful healing properties of *DR SWEET'S INFALLIBLE LINIMENT* when used according to directions. Also CHILBLAINS, FROSTED FEET and INSECT BITES AND STINGS.

Every Horse Owner

should have this remedy at hand for its timely use at the first appearance of Lameness will effectually prevent those formidable diseases to which all horses are liable and which render so many otherwise valuable horses nearly worthless.

Over four hundred voluntary testimonials to the wonderful curative powers of this Liniment have been received within the last two years, and many of them from persons in the highest ranks of life

CAUTION

To avoid imposition observe the signature and likeness of Dr Stephen Sweet on every label, and also "Stephen Sweet's Infallible Liniment" blown in the glass of each bottle without which none are genuine. RICHARDSON & CO

PROF. WOOD'S [illegible] AND BLOOD RENOVATOR,

Is precisely what its name indicates, for while pleasant to the taste it is revivifying, exhilarating and strengthening to the vital powers.—It also revivifies, reinstates and renews the blood in all its original purity and thus restores and renders the system invulnerable to attacks of disease. It is the only preparation ever offered to the world in a popular form so as to be within the reach of all. So chemically and skillfully combined as to be the most powerful tonic, and yet so perfectly adapted as to act in perfect accordance with the laws of nature and hence soothe the weakest stomach, and tone up the digestive organs, and allay all nervous and other irritation. It is also perfectly exhilirating in its effects, and yet it is never followed by lassitude or depression of spirits. It is composed entirely of vegetables, and those combined having powerful tonic and soothing properties and consequently can never injure. Such a remedy has long been felt to be a desideratum in the medical world, both by the thoroughly skilled in medical science and also by all who have suffered by debility, for it needs no medical skill or knowledge even to see that debility follows all attacks of disease and lays the unguarded system open to the attacks of many of the most dangerous diseases to which poor humanity is constantly liable. Such for example as the following: Consumption, bronchitis indigestion dyspepsia, loss of appetite faintness nervous irritability, neuralgia palpitation of the heart melancholy, hypocondria, night sweats, langour, giddiness and all that class of cases so fearfully fatal if unattended to in time, called *female weaknesses and irregularities*. Also liver derangements or torpidity, and liver complaints, diseases of the kidneys, scalding or incontinence of the urine, or any general derangement of the urinary organs, pain in the back side and between the shoulders predisposition to slight colds, hacking and continued cough emaciation, difficulty of breathing and indeed we might enumerate many more still but we have space only to say it will not only cure the debility following chills and fever but prevent all attacks arising from Miasmatic influences and cure the diseases at once if already attacked. And as it acts directly and persistently upon the biliary system arousing the liver to action promoting, in fact all the excretions and secretions of the system it will infallibly prevent any deleterious consequences following upon change of climate and water, hence all travelers should have a bottle with them and all should take a table spoonful at least before eating. As it prevents costiveness strengthens the digestive organs it should be in the hands of all persons of sedentary habits—students, ministers literary men. And all ladies not accustomed to much out-door exercise should always use it. If they will, they will find an agreeable pleasant and efficient remedy against those ills which rob them of their beauty for beauty cannot exist without health and health cannot exist while the above irregularities continue. Then again the cordial is a perfect mother's relief. Taken a month or two before the final trial she will pass the dreadful period with perfect ease and safety. *There is no mistake about it this cordial is all we claim for it. Mothers try it!* And to you we appeal to detect the illness or decline not only of your daughters before it be too late but also your sons and husbands for while the former from false delicacy often goes down to a premature grave rather than let their condition be known in time the latter are often so mixed up with the excitement of business that if it were not for you they too would travel in the same downward path, until too late to arrest their fatal fall. But the mother is always vigilant, and to you we confidently appeal, for we are sure your never failing affection will unerringly point you to Prof Wood's Restorative Cordial and Blood Renovator as the remedy which should be always on hand in time of need. FILE CUTTING!

I WISH to inform the public that I still continue to re-cut Old Files and Rasps, of every description which I will *warrant* to do as much work as new ones, at from one half to two thirds the cost. I have also on hand a large stock of new and re-cut Files, which I will sell very low, for cash

I would particularly recommend for those using Filing Machines to try my new pattern of MILL FILES, made expressly for those Machines.

All old Files sent to be recut, or orders for Files, will be promptly attended to

CHILDREN TEETHING

MRS. WINSLOW,

An experienced Nurse and Female Physician presents to the attention of mothers, her

SOOTHING SYRUP, FOR CHILDREN TEETHING,

which greatly facilitates the process of teething, by softening the gums, reducing all inflammation will allay ALL PAIN and spasmodic action and is

SURE TO REGULATE THE BOWELS.

Depend upon it mothers it will give rest to yourselves and

Relief and Health to your Infants

We have put up and sold this article for over ten years, and CAN SAY IN CONFIDENCE AND TRUTH of it what we have never been able to say of any other medicine—NEVER HAS IT FAILED IN A SINGLE INSTANCE TO EFFECT A CURE when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary all are delighted with its operations and speak in terms of commendation of its magical effects and medical virtues. We speak in this matter WHAT WE DO KNOW after ten years experience AND PLEDGE OUR REPUTATION FOR THE FULFILLMENT OF WHAT WE HERE DECLARE. In almost every instance where the infant is suffering from pain and exhaustion relief will be found in fifteen or twenty minutes after the syrup is administered

This valuable preparation is the prescription of one of the most EXPERIENCED and SKILLFUL NURSES in New England and has been used with NEVER FAILING SUCCESS in

THOUSANDS CASES

It not only relieves the child from pain but invigorates the stomach and bowels corrects acidity and gives tone and energy to the whole system. It will almost instantly relieve

Griping in the Bowels and Wind Colic

and overcome convulsions which if not speedily remedied end in death. We believe it the BEST and SUREST REMEDY IN THE WORLD in all cases of DYSENTERY and DIARRHOEA IN CHILDREN whether it arises from teething or any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—*Do not let your prejudices nor the prejudices of others* stand between you and your suffering child and the relief that will be SURE—yes *ABSOLUTELY SURE*—to follow the use of this medicine if timely used. Full directions for using will accompany each bottle. None genuine unless the fac simile of CURTIS & PERKINS New York is on the outside wrapper

Sold by Druggists throughout the world.

CARRIAGES! CARRIAGES! CARRIAGES!!

THE SUBSCRIBER hereby gives notice that he has been appointed agent for the sale of Sargent, Harlow & Co's Top Carriages of all descriptions, which he is prepared to deliver at his

Carriage Shop on Franklin Street,

Thereby affording to citizens of Bangor and vicinity in want of such Carriages, an opportunity to purchase direct from the best manufactories in New England at the manufacturer's prices.

Also, that he still continues the

CARRIAGE MAKING BUSINESS,

In its various branches, including

Repairing, Painting and Trimming,

In the best manner and at the very lowest prices. From his experience, his facilities for doing business and the character of his workmen, he flatters himself that in the production of durable and substantial Carriages, his establishment will be second to none in the State

MR. GEO. S. WALKER

Well known to be one of the best Carriage Painters in New England, still has the charge of his painting department, offering a very rare inducement to those who would have their work done in an elegant and durable manner to leave their work at this establishment. *All work warranted to give entire satisfaction*, and all bills for work payable when the work is done.
